
Technical Visit to Hong Kong Blind Union Service Centre

Date: 8th February 2014

Location: Accessible Digital Technology Centre, Kwun Tong

Type: Technical visits

Our students had a guided tour to the I.T. facilities in the centre for the blind. For example, we took a look at the computers which the keyboards were modified to suit the blind's need, and we also visited the I.T. workplace for the blind in the centre .Eventually, our students signed for a year-long volunteer work.
