## Set Sail: Career and Alumni Conference in Computing and Engineering

---

**Date:** 25th February 2015

**Location:** E0311 Jubilee College

81 Chung Hau Street, Homantin, Kowloon

**Type:** Career Talk

---

We are honored to invite some successful Alumni in OUHK to have a big conference with our students. During the conference, students can receive the information about the emerging technologies and startup, career information from local and international IT/Engineering companies and have a panel discussion about the startup and entrepreneurship.

By this conference, we improve the Alumni connection and student development, also facilitate networking between Alumni, student, companies and institutes. Beside it also increase the profile of OUHK Computing/Engineering and improve reputation.

## SPEAKER BIOGRAPHY

---

**Dr. David CHUNG**

Dr. David Chung joined Hong Kong Cyberport Management Company Limited as the Chief Technology Officer leading core public functions of Cyberport, namely IT&T services operations, Technology Centre, Collaboration Centre and Entrepreneurship Centre. Under his direction, Cyberport is continuing to focus significant resources on fostering the growth of local ICT startup and SME companies. Dr. Chung currently serves as member of the Expert Group on Cloud Computing Services and Standards, Working Group on Cloud Computing Interoperability Standards and Convenor of the Working Group on Provision and Use of Cloud Services and a number of other organizations concerning technology advancements.

**Mr. Andrew LAU**

Andrew LAU (BSCHCEF2011) is a senior analyst programmer at ICO Limited developing enterprise software. Andrew obtained a BSc with Honours in Computing from OUHK in 2011.

**Mr. Cyrus CHENG**

Cyrus (BCOMP HITF2014) is a senior analyst programmer at TOMY (HONG KONG) Limited. He now takes a leading role in a few system development projects and has experience in system integration and electronic interface protocol design. Cyrus obtained a first-class honor degree in computing from OUHK in 2014 and is now studying a Master degree in Computer Science at CUHK.

**Mr. Jonathan CHIU**

Jonathan (BSCCEF2012) is a computer engineer and one of the founders of 3DP Technology Ltd. Jonathan obtained a BSc in Computer Engineering from OUHK in 2012.

**Mr. Kurtz CHEUK**

Kurtz (BSCEF2011) is a biomedical engineer at Hong Kong Sanatorium & Hospital. He has previously worked at the Civil Aviation Engineering section of PCCW, Siemens Ltd, VTech Telecommunications Ltd. and Global Best Engineering Ltd. Kurtz obtained a BSc in Electronics from OUHK in 2011 and a MSc in Engineering Management from CITYU in 2013. He is now studying a MSc in Biomedical Engineering at CUHK.
