
Technical visit to Cathay Pacific City

Date: 6th February 2015

Location: Cathay Pacific City, 8 Scenic Road,
Hong Kong International Airport,
Lantau, Hong Kong

Type: Technical visits

Cathay Pacific City is the headquarters of Cathay Pacific at Hong Kong International Airport. It includes three 10-storey office buildings, a 23-storey staff hotel, a flight training centre with a safety training school, a workshop and storage building, a leisure centre, and an airline stores building. The centre has a 40-metre (130 ft) steel pedestrian bridge. During the visits, student have a chance to walk in a plane and its' control cabin, also have a sharing session by the in charge person of Cathay Pacific City. Through that student can gain the knowledge of operations in plane and also know the duty and requirement to work in this company.
