

Red Bull Flugtag 2016

Date : 27th November 2016

Location : Kai Tak Runway Park

Type : Technical Competition

A team of full-time Electronic and Computer Engineering OUHK students designed a flying self-made machine to join this competition. In competition, each talented pilot spread their wings in their self-made flying machines and took flight across the sky above Kai Tak Runway Park. Each time of flying not only included the brave, it also showed the creativity in engineering and design.
