

Technical Visit to Data Centre of Wharf T&T Limited

Date: 19th February 2016

Location: Cable TV Tower, Tsuen Wan

Type: Technical visits

Backed by the state-of-the-art fully fibre-optic network, Wharf T&T is the second largest business fixed line operator as well as the first and only comprehensive ICT service provider in Hong Kong focusing on the business sector.

During the visits, the staff guided students to different place in the Data Centre of Wharf T&T Limited. Students had a chance to realize how the Data Centre work and watch the technology equipment.
