## Career Talk: *talk to the boss*

---

**Date:** 2<sup>nd</sup> November 2018

**Location:** A0411, The Open University of Hong Kong

**Type:** Seminar

---

The speaker, Mr. Lawrence Chan, is an experienced CEO who has been in the engineering and IT industry for over 20 years. He has managed mega projects for clients like MTRC, Immigration Department, and Fire Department. Lawrence has also trained over 2,000 project managers in the field. In this talk, Lawrence talked shared the latest career trends in the engineering / IT sectors in Hong Kong, providing specific examples from the industry. He also discussed the potential of artificial intelligence (AI) and different career paths fresh graduates may take.
